# Household Hazardous Waste

  
Comox Strathcona  
Waste Management

For more information visit: [cswm.ca](http://cswm.ca)

# What is household hazardous waste?

Household hazardous waste (HHW) is residential household products that contain corrosive, toxic, ignitable or reactive ingredients and require special handling and disposal.

**Commercial/business hazardous waste is not accepted**

## Why are HHW drop off hours different from regular operating hours?

HHW requires special handling, therefore a qualified technician must be present in order for us to accept the waste.

## How much will it cost?

Drop off is free unless your products do not fall under Product Stewardship (products not funded through a user pay program). The most you will be charged is \$4 per trip. Not sure about your product? Call us at 250-334-6016.

# Accepted

## Kitchen

Cooking oil  
Abrasive powders  
Ammonia-based cleaners  
Disinfectants  
Drain de-cloggers

## Did you know?

Asbestos can not be accepted as HHW. For more information on how to dispose of asbestos visit [www.cswm.ca/asbestos](http://www.cswm.ca/asbestos) or call 250-334-6016.

## Make sure to follow these tips:

- Residential items only
- Labelled, not leaking, sealed & upright
- Containers less than 25L
- Try to keep waste in original containers or in ones you don't need back
